LACS (Lab Automation Control Systems) (Northern CA Only) 

- Classroom, single and multiple lab room automatic utility control systems
- <https://eandisales.com/products/innovations/lacs/>

WATERLINE CONTROLS (CA & NV) 

- Water tank automatic fill valve level control and alarm systems
- www.waterlinecontrols.com

CHROMALOX – Heat Trace & Controls, Electric Boilers/Fluid Heaters, Unit Heaters (CA & NV) 

- Pipe freeze protection self-regulating heating cable & controls systems specifically UL Listed for Fire Sprinkler pipe
- UL pipe freeze protection heating cable and controls systems
- UL grease and oils flow maintenance heating cable & controls systems
- Concrete deicing / roof and gutter deicing
- Temperature and Precipitation automatic control systems
- Electric steam & hot water boilers including medium voltage steam boilers and fluid heaters
- Electric potable water heaters NSF & U.L. Certified (511,800 to 2,729,600 Btu/Hr.)
